Reichle & De-Massari Czech Republic a.s. declares that all of products are **safe** under the conditions of the usual and intended use and that all relevant measures have been taken for them to comply with the requirements of the below mentioned provisions:

Regulation of the European Parliament and Council No. 1907/2006 REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) as amended and including supplements. No obligation of registration results for our company because we are, within the supplier chain, a business end user of a registered substance or a substance contained in a preparation within the meaning of the definitions set out in the Regulation. The preregistration or registration of substances subject to the Regulation has been completed by the suppliers of the substances which we use.

All of products which we put on the market do not contain any substances, listed on the list issued by **decision of the European Chemicals Agency SVHC (a candidates list of substances of very high concern for authorization)** with a volume exceeding 0.1% weight.

This Declaration is not based on direct chemical analysis of products but is made based on the current state of information on the composition of raw materials, materials and preparations supplied by our suppliers.

Signed on behalf of the manufacturer by **Václav Špaček**,
